

Dear 4th Grader,

Surprise! I bet you weren't expecting to see me? I couldn't just let it be. 3rd Grade was a ball, but I heard 4th Grade has it all! I needed to see it for myself, so I put my 3rd Grade books on the shelf. Now, I'm ready to take on the challenge, of moving grades and teaching students with many talents!

Whether we were together last year or I'm a brand new face, I bet 4th Grade is going to be the best place. As it has been awhile, I can't wait to see my old friends and welcome new ones with a hug and a smile!

Take a look at my notebook! I have so much to get ready for. See if you can learn more about me than you did before! I may have left a few clues on what we will be learning about too! It's time to get excited! 4th Graders are you delighted?!

Miss Markoski
