Hello AMS Family!

What a GREAT way to spend our last day before Spring Break with a pep rally and wrapping up Wellness Week. I do not know who enjoyed our morning wellness messages and warm ups more, the main office staff or the students?

If you are planning on taking your child to work, please complete the Take Your Child to Work Day [form](#) to assist our main office with attendance. If you complete this form, you will **not** need to call the absence line.

KUDOS to AMS students and families and their participation in the Kids Heart Challenge! We have raised \$7,200 which is 90% of our goal of \$8,000. Keep up the great work! We have until April 12th to reach our goal!

Summer is right around the corner which means enrichment and summer camp registrations are now open. Please see below for all of the great HTPS summer enrichment/camp opportunities.

• **Junior RoboRaiders Summer Camp is BACK!**

The High School Robotics team just launched the Junior RoboRaiders Summer Camp Program for Summer 2024! We are super excited to be back at Amsterdam Elementary School! There are a few very exciting changes:

- We are now running for **THREE full weeks** starting on July 22nd
- We have added **NEW CLASSES for all grade levels** so your students can do multiple weeks and get new experience
- We are also allowing **INCOMING 7TH GRADERS** to participate so any 6th graders who participated last year can check out the new topics and continue learning

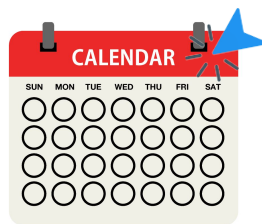

We have made some significant investments in our supplies and curriculum with our new offerings, so the cost for a week of full-day activities is \$325/week. Please also remember that all payments (except for the annoying processing fees) go directly to the Robotics team so this event serves as the biggest fundraiser of the year for us. Last year due to the camp we were able to fund 3 brand new freshmen teams and a new high school JV team. So your support means A LOT and hopefully helps us maintain a strong program that your kids will one day get to be a part of! Thanks so much for your continued support of our High School Robotics Program and we hope to see you this summer! [Register Here!](#) – Todd MacDonald/Faculty Advisor, Team 75: The RoboRaiders

• **HTPS's Summer Enrichment Program Registration is open now!**

Join your favorite Hillsborough teachers in July for a variety of unique and exciting courses! Our program is open to all Hillsborough students entering grades 1-8 in the Fall of 2024. Our program is held July 8th - July 19th at the Hillsborough Middle School. We offer exciting courses such as Slime Camp, Amazing Animals, Calming Creations, Taylor Swift Experience, Digital Photography, Creative Writing, Coding, Dancing, Clay Sculptures, Card Tricks and many more! [Register Here!](#)

Enjoy the Spring Break week having fun and spending time with family and friends.

Sincerely,
Michele Fisher
