

Welcome to Fourth Grade!

My name is Mrs. Moss and I will be your teacher this year. We are going to have a terrific year filled with exciting projects, activities, and lots of fun. This is your year to shine as we work hard, make new friends and create special memories together. This is my sixth year teaching 4th Grade and I am thrilled to be teaching the “top dogs” at AMS again! I know we will make a great team!

It's hard to believe September is almost here! This summer I enjoyed time at the beach, travelled to Nashville, Tennessee, and cheered on my three kids at many lacrosse tournaments. I also did a lot of running and reading, my two favorite hobbies. I hope you had a fantastic summer, and I look forward to hearing about your adventures when school starts!

Fourth grade will be a year to remember! As the oldest students at AMS, you will be role models for the other students, and I know you will do a great job showing a positive attitude and doing your best work. We will work hard and play hard and you will accomplish great things as you prepare for Intermediate School.

On the first day of school, please come prepared with the supplies listed on the fourth grade supply list. Additionally, please start putting together some books to keep in your book box for independent reading.

I hope you are as excited as I am for the upcoming year. I can't wait to meet you! Enjoy the rest of your summer, and I will see you in September.
